â€œA wonderful school, wonderful colleagues and wonderful staff members! And, above all, an inspiring team spirit. Welcome to the DBST! We are here in Iran, a great country, kind and hospitable people, delicious food and an amazing culture!â€•

â€œThere are so many things to do here. One of my favourite places in Tehran is the buzzing Bazar in the city center, with a special oriental flair and its long, never-ending corridors. Here, all kind of different goods are offered. You will definitely like it! There, you can delve into the world of the famous, mythical, magic Persian Carpet. You will encounter different inspring patterns, vivid colors and all kind of interesting stories behind every carpet. And donâ€™t forget to have a cup of tea with the friendly traders. Come here, you wonâ€™t regret it!â€•

â€œDBST is an amazing place to work and grow. I have taught in the US, Korea, the UAE, and Mongolia so I know, there is no place like Iran and DBST. The campus is beautiful and there is an amazing sense of community. If you ever need anything, the DBST community can help you get it, and they want to help you. Persians are very generous, welcoming and helpful. I really love my job and a huge part of that is the teachers, parents, and students that I have the pleasure of working with every day. As a mom, I know that my children are happy, safe, and getting the best education available in the country.â€•
