Welcome to the official website of the German Embassy School Tehran (DBST).
The DBST is an International School in Tehran dedicated to providing an exceptional education rooted in German culture to students aged 3 to 18 years. With a multicultural student body, DBST is committed to upholding German values, European educational traditions, and good relations with the host country Iran for more than 117 years.

We offer personalized education with the German Curriculum or the International Baccalaureate (IB) curriculum taught in English. The school provides a stimulating and contemporary learning environment that encourages critical thinking and cultivates a thirst for knowledge and creativity.

- Courage

Recognising that actively building respectful and sustainable relationships with other human beings and with our planet builds strong social capital which, in turn, supports our wellbeing. In doing so we acknowledge our shared cultures and histories.

Encouraging behaviours which encompass notions of innovation, originality, liberation and generative problem-solving in all that we do.

Nurturing a culture of integrity at our International school is paramount, where honesty, ethical conduct, and academic integrity are cherished values. We strive to create an environment that fosters trust and respect, shaping students into individuals of strong character and integrity. Join us in building a community where these principles guide our collective pursuit of knowledge and growth.

Developing the capacity to question without fear. Understanding that â€˜success is not final, failure is not fatal, it is the courage to continue that counts.â€™
